PROJECTS

Bloom's Taxonomy — It is a set of hierarchical models used to classify educational learning objectives into levels of complexity and specificity.

There are 6 levels in taxonomy. We will be giving input to the machine and it will check in its database and give the result.

Internshala, Virtual

Aug 2021 - Sep 2021

POSITIONS OF RESPONSIBILITY

Team Lead for Our projects.

I have been a volunteer in my college and handled college events

Responsibility for completing my work on time.

ACCOMPLISHMENTS/ ADDITIONAL DETAILS

I have attended many seminars in my colleges conducted in the first year as orientation day programs.

The seminars were conducted by an expert of a good company and I had a good interaction with them.
